

Bolivia
Ministry of Labor, Employment and Social Welfare
Mission, Vision and Objectives

Mission

We guarantee the enforcement of the social and labor rights and obligations of workers and civil servants. We promote and defend labor and decent work; progressively eradicating all forms of exploitation, exclusion and labor discrimination within the framework of constructing the plural economy.

Vision

The Ministry of Labor, Employment and Social Welfare is the entity that protects and defends social, labor and fundamental rights, as well as the access to work and decent employment of the Bolivian population with equity, inclusion and prioritizing vulnerable groups, in partnership with workers and social organizations.

Objectives

- Enforce labor legislation and promote the generation of decent and sustainable jobs in the country;
- Ensure that the relations between employers, workers and the State are carried out on the basis of dialogue and agreement and within the framework of constitutional and labor standards. Seek to improve the quality and permanence of the sources of employment and occupation and enforce all the regulations;
- Ensure that the relations between employers, workers and the State are carried out on the basis of dialogue and agreement and within the framework of constitutional, labor, health and occupational safety standards; and seek to improve the quality and permanence of the sources of employment and occupation.
