Mission

Regulate the policy of Labor, Employment and Social Security, ensuring the fulfillment of current labor regulations, prevention and conflicts resolution, the improvement of working conditions and the respect of workers' fundamental rights for the progress of our enterprises and in benefit of the socio-economic development of the country, within a democratic and social dialogue framework.

Vision

To be a leading public institution for the Paraguayan society in the promotion of employability, self-employment and decent work, which guarantees unrestricted respect and the relevance of social and labor fundamental rights in the work environment; as well as the consolidation of dialogue and social and labor agreement, for the socio-economic development with social inclusion.
